

The Future of Digital Business

Fredrik Creutz

Co-Founder & Executive Chairman, NowCM

Curriculum Vitae

BA in Financial Accounting and MSC in Managerial Accounting from the Stockholm School of Economics. 20+ years in FIG M&A and DCM at Merrill Lynch and Goldman Sachs in London. Co-founder and Executive Chairman of NowCM (formerly eppf), the frontrunning regulated cloud-native transaction flow and marketplace for primary bonds and other debt instruments.

Topic

What are the achievable benefits of digitalisation in primary debt markets today, in a digitally native bond market tomorrow and following the transformation into a digital economy?

"A digital economy is the destination for all of us, but NOW we still get to pick the way there."

Wolf Theiss
