

The Future of Digital Business

Matthias Bauer-Langgartner

Managing Director for UK & Ireland, Bitpanda

Curriculum Vitae

Matthias Bauer-Langgartner is Managing Director for UK & Ireland at Bitpanda, a leading European digital investment platform. Prior to joining Bitpanda, Matthias was Technical Specialist at the UK FCA's Innovate Department where he set up and continuously improved the Regulatory Sandbox, leading on crypto asset & DLT-based testing activities. As part of the UK Crypto asset Taskforce, he leveraged his hands-on experience to coordinate the wider FCA policy approach on crypto assets and DLT. Matthias also advised numerous governments, authorities and international organizations on Innovation policy and is currently active member of the Austrian FinTech Advisory Board recommending FinTech policy measures to the Austrian Government.

Topic

Innovation in Digital Assets and Financial Services

"Today's financial system is complex, exclusive and expensive - making it hard for many to start investing. At Bitpanda, we're constantly leveraging financial innovations to build the future of finance and empower everybody to safely invest in what they believe in, starting from only 1 Euro."
