

# CORPORATE, COMMERCIAL & M&A

Whether you are a buyer, seller or target, we represent boards and investors with the efficiency and sensitivity you need. We have been at the vanguard of development of the private and public M&A markets across the region, and you benefit from our experience in successfully negotiating and closing all types of transactions.

You face any number of complex and unusual regulatory requirements in CEE/SEE, so you need specialist and industry teams with the strength and experience to help you find consensus with the most exacting of regulators and stakeholders. From the moment you appoint us, we consider ourselves to be part of your team. From mergers and acquisitions to corporate and commercial law, **we will help you identify and manage legal risk so that you have a firm groundwork on which your business can grow and flourish.**

"They are dealmakers who find solutions to every problem," states one client.

Sources highlight the firm's experience in cross-border transactions for foreign clients: "They offer smooth coordination with local partners, clean review of the documents and clear guidance on how to go about deals."
